

What an incredible weekend at the Land's End Trials!

Lorraine Noble-Thompson reports “We’ve just wrapped up an amazing event celebrating Old Number One and the re-enactment of its 1925 winning trial. The evening concluded with a delightful Gala meal and some heartfelt speeches. It was truly special to see Old Number 1 gracing the entrance to the grand hall of the Alverton Hotel in Truro.

A huge thank you to all the organizers and members who brought this historic event to life: MG Car Club Devon and Cornwall Centre, MG Car Club Vintage Centre, British Motor Museum, The Motorcycling Club, Hawkins Motor Group and all the dedicated members and marshals who made this weekend unforgettable. We appreciate you!”

Old Number One, Kimber's Special, making its way up the hill to the iconic corner during its first run. The sight and sound were absolutely exhilarating!

Dinner in the grand hall at the Alverton Hotel in Truro with a screen showing a film of Old Number 1 on the hill.

Exciting evening at Hawkins Motors!

Easter and Edward Kirkland were at the evening event at Hawkins Motors tonight. Easter, the step-granddaughter of Cecil Kimber, brought with her a remarkable piece of MG history - the gold medal awarded to Kimber for completing the Land's End Trial in 1925 with MG Old Number One! This unique medal was beautifully set into a silver matchbox by the Land's End Trial organizers and is engraved with Kimber's achievement in his "first MG." As far as is known, the car and medal have never been displayed together publicly before. It was a night to remember with many MG Memories

Easter Kirkland – the step-granddaughter of Cecil Kimber.
