

Private sale - MGB V8 Roadster Costello conversion

Private sale - MGB V8 Roadster Costello conversion

1970 H registration in Signal Red with a 4 speed manual gearbox with a Laycock overdrive. Originally only 225 MGBs were converted by Costello but only a small number now remain. The previous owner had the car from 1988 with the most comprehensive service records and we have all the service history. We only bought the car in 2025. Current mileage is 58,830. When we bought the car it was fitted with a Costello grille which we have changed to a standard MGB grille. The Costello grille comes with the car. The front nearside wing was in poor condition but this has been replaced with a Heritage new wing and a full body respray. The car is in excellent condition with a new hood, tonneau cover and wind deflector. New chrome bumpers etc. Regrettably a house move forces sale for this car. **£22,500**
