Swiss MGV8/IG weekend in Les Diablerets

Victor Rodrigues reports the planned MGV8/IG meeting at Les Diablerets was held over the long weekend of 24th-28th September at Les Diablerets in the French part of Switzerland. He feels they were lucky enjoying great dry weather and clear skies.

The event attracted 17 MGV8s travelling from England, France and Germany and an enthusiastic group of 16 local Swiss members together with Robin Livett from the UK in his MGCGT.
