RV8 escapes to the chateau

Robert Jackson's RV8 parked in front of a Chateau de la Motte Husson where his youngest daughter and partner got married in May earlier this year. Robert adds "we travelled down in the RV8 and it performed well on the 700 mile round trip despite an increasingly noisy water pump on the return leg. The chateau maybe of interest to some as it is the one featured in the Channel 4 series "Escape to the chateau" with Dick Strawbridge and his wife Angel. Needless to say a great weekend was had by all".
