

## NEWS – V8 enthusiasts at the MGB50 Birthday Road Run at the Heritage Motor Centre, Gaydon

**Richard Wood** has sent in a couple of his panoramic photos from the MGB 50 Birthday Road Run event held at Heritage Motor Centre at Gaydon on Sunday 15<sup>th</sup> April 2012 saying "I was lucky enough to journey down to Gaydon from Lancashire for MGB 50 event in convoy with Godfrey Dennis (another V8 member) in our Rv8s. We met up with John Bolt at Gaydon who gave us a couple of useful tips. I would say there were about eight to nine Rv8's there and there were also at least two MGBGTV8s too but I'm not so good at spotting them . . . sorry. The BMC museum was as usual great and luckily pleasantly warm, because the car-park was very cold!!"

Lower photo above: the Blaze MGBGTV8 to the right of the register flag is Blaze 1189 owned by Dennis Wharf.

Richard's panoramic photos are in fact several photos stitched together and were taken of the two halves of the car-park from near the Heritage Motor Museum entrance. Godfrey has managed to get in one of them twice!!
