

## V8 lunch at the White Horse at Woolstone near Uffington following the BMH Body Plant tour

**Nic Houslip**, sitting in the window at the White Horse at Woolstone (just below Uffington Castle on the Ridgeway in Berkshire), who has taken up track days using the RV8 formerly owned by our late Club President, Bill Wallis. Bill would have been delighted to see his old RV8 being driven with spirit on tracks like Castle Combe. Nic joined the V8 Committee at the V8 AGM in June 2012. He came with Tony Rea who used to own an RV8.
