## RV8s from Devon and Cornwall gather on Dartmoor

Nigel Taylor enjoyed the day saying “Just a quick note to say how much I enjoyed Sunday's gathering at the Dartmoor Inn. Ian Harkness and I had a truly delightful drive through Mid Devon and it was great to meet fellow RV8 owners and discuss all things MG. It was particularly useful for us both in benchmarking Ian's suspension and my starter issue! Looking forward to the next one!” Peter Ferguson (right) responded saying “Have just written to Ian about his suspension problem which is the same as I had when I bought our car. Must admit I was unaware of the lazy starter motor issue. Mine, touch wood, has always been instant and powerful. Will seriously consider another gathering next spring”.
