

Swiss V8 Gathering at a classic car event at the 19th Safenwil Classic Grand Prix

The 19th Safenwil Classic Grand Prix took place in Safenwil on Saturday 4th September and the MGCC-Switzerland was invited this year as a Guest Club. More than 50 well maintained MG models of different ages joined the event including three MG V8s – an MGBGT V8-Racer of our register member Ernst Sutter, an SVR to Ronald Zieltjes and the Teal Blue MGBGT V8 of Victor Rodrigues. The event was organized and sponsored by "Emil Frey AG" who were the MG General Importer and Representative for Switzerland until the MG Factory in Abingdon closed and later for the MG-Rover Group. They are still representatives for the Land and Range Rover production. (Report and photos from Victor Rodrigues 081010)
