

## Photoshoot of a glorious RV8 in Sweden

**A beautiful RV8** with an upgraded specification has been created by Swedish MG enthusiast, Jörgen Erixon, who lives in a town called Katrineholm, just south of Stockholm. It is the second RV8 he has rebuilt and it joins three more RV8s he owns, all imported from Japan. This one is Woodcote Green 0731 (1994) rebuilt with lefthand drive, a 4.6 litre engine and an upgraded suspension and roadholding. These photographs are from photographer, Peter Gunnars
