

Private sale – Factory MGBGT V8 in Bracken

Private sale – Factory MGBGT V8 in Bracken

Bracken 1152 (1974) with 87,000 miles with MOTs back to 1991 at 64,000 miles. Extensive paperwork is with the car and includes the Heritage certificate and full four owner trace - which lists the first owner with whom I have corresponded. Paintwork and wheels are reasonable, the car is in generally very good condition and drives extremely well. Interior has a quality leather seat upgrade but the car is otherwise pretty much "as Factory". Many new parts/invoices in the last few years including front discs and calipers, fuel tank, overdrive etc. Includes a handbook and spare keys. I bought this car to keep and enjoy long-term but circumstances have changed and it is, therefore, a reluctant sale.

£7,750.
