Flamenco Red 2763

GEOFF ALLEN M. G. REPAIRS & SERVICING 61 NORTHCOURT ROAD ABINGDON, OXON. OX14 1NR PHONE ABINGDON 20807 4 - 4 - 82. Down John Pelease find enclosed production details of your V.8 which I hope you find of centers! I apologise for the delay due to the very lerge response to Peters article. There were 140 V.85 built pointed Flomence red all of them rubber trempered models. I note what you ray about the registration date and yours must be nearly the last, although I do not have all regertration dates I do chind car The 2790 was registered on list February 1977, I wonder why the oreignal awner of your our registered it 4 days before the end of the month. I shone your enthurearn for V. 8; and will never next with mine, there is nothing to replace it performance at economy wire. Your Sincorely Gooff aller.

The late Geoff Allen was a founding member of the V8 Register in 1978. He worked at the Abingdon MG Factory for 27 years until the closure of the plant, much of the time in Rectifications Department. He then set up in business servicing and maintaining MGs, mainly V8s. Upon his retirement he left Abingdon and moved to Congleton in Cheshire.
