Swiss International Diamond Jubilee Meeting 2008

European MG Car Club Event of the Year 2008

Dear MG Friends,

We invite you to the international meeting which will be held by the MG Car Club Switzerland starting on August 8th until August 14th on the occasion of its sixtieth anniversary (also called Diamond Jubilee). It will be held in the town called Zug – actually at the very same venue as in 2003 – in Central Switzerland.

Zug is situated in a picturesque landscape surrounded by lakes, hills and mountains. The area offers splendid possibilities for relaxed drives in the hilly area around Zug as well as more demanding mountain pass in the nearby Alps.

We have the same exhibition ground at our disposal as we had for the 2003 event. This will be the centre point of our meeting. Various parts of the meeting will be held there (concoirs, gymkhana, exhibition of rare MG-types, trade-stands, club-stand etc.), whilst it will also be our starting point for the daily tours. Some of the evening meals will be on the site and some will at nearby locations in easy reach.

There will be camping facilities on site as well (for tents and campers). The rest of the participants will find hotels at various price categories in Zug and the nearby villages. The hotels shall be booked directly with "Zug Tourismus" using the also supplied hotel booking form.

The scheduled activities will be offered on an „all inclusive“ basis. The application fee covers all costs for: entry fees, transportation fees as well as most of the evening meals and some lunches. The activities overview supplied show all the topics covered by the paid application fee. We aren't disclosing yet the very last attraction to you but we promise that we have put together a very attractive set of attractions. For sure you wouldn't like to miss out anything? Would you?

This kind of meeting and type of organisation as well as the size of the exhibition ground and the capacity of the scheduled activities ask for a limitation of cars to be entered. We will therefore be able to accommodate a maximum of 300 cars for the weekend and a maximum

of 150 cars for the week. We already have a fair bit of interest from mg-friends from all the befriended MG Car Clubs all over Europe so to avoid disappointment it is recommended to apply early, preferably by e-mail or via our web-site: www.mgcc.ch. Of course you can send in your application also by standard mail or fax it. The application closes the latest by April 30th or beforehand if the maximum amount of entries is reached.

We are looking forward to receive your application and also to a wonderful week in Zug and its surroundings between August 8th and August 14th.

With octagonal regards

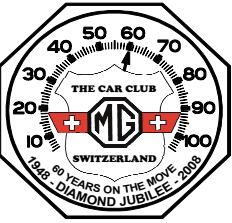

MarCus Bründler
