

Theo Klick on an Oriental Tour with Damask 1721

Allan Doyle in Germany reports "Our intrepid traveller Theo Klick is back from his Oriental trip! He did actually cross the Bosphorus into Asia which must surely be a first in the V8 Register. I'm forwarding a selection of his snapshots – **bottom left** is on the beach at Budva in Montenegro, **top left** is at Edirne in Turkey near the Bulgarian border, **bottom right** is Sveti Stefan and **top right** somewhere in Albania, suffering from the heat - Theo, not the car!"
