

## Hit count at the end of October 2006

**Monthly 30 day hits on the V8 website from August 2003** showing how the popularity of the V8 website has grown. The 30 day hits at the end of October 2006 were 7,442 and the monthly total 7,662.

## Hits & trends from March 2005

**Monthly 30 day hits over the period March 2005 to October 2006.** In the last month we have seen a significant upturn in the hit rate which indicates we may be moving off a plateau as members are using the website more. In previous years November and December have been low hit count months as members are naturally distracted by the seasonal festivities.
