Parts For Cars

1970

page

Introduction

This catalogue contains a wide range of parts for popular British and Foreign cars. Vehicles are listed in alphabetical order within each of the product sections showing the parts fitted to each vehicle.

At the end of each product section the fastest selling parts are also listed in part number order showing the vehicle to which these parts are fitted. Trade Ordering Numbers are shown where possible and a cross reference to Service Part Numbers is given in the appropriate section.

Note that all Catalogue Numbers shown in bold type are available on the B90 Exchange Scheme, and that all other references appear as footnotes on each page.

Every Lucas part sold through a Lucas Service Agent is guaranteed for a period of 12 months should the unit fail through faulty material or workmanship. In the event of such failure any Lucas Service Agent will supply a replacement unit of a similar type free of charge in exchange for the defective unit.

For full Terms and Conditions of Sale see the Lucas Price List.

The following abbreviations are used as references to the manufacturers of original equipment.

Bo	Robert Bosch GmbH
