

Modern cars, particularly SUVs and 4x4s, are getting relatively bigger than an MGBGTV8

Range Rover  
< 187.0 cm (H)  
204.0 cm (W)

MGBGTV8  
< 129.2 cm (H)  
152.3 cm (W)

The increasing size of modern cars is a concern for classic car drivers as classics like MGBGTV8s are becoming relatively smaller and less visible on the road. The frontal area of a Range Rover is huge at around **3.8 sq metres** – that's 1.95 times that of the MGBGTV8 at just over **1.9 sq metres**. It fills your rear view mirror!
